Junior Computer Science student seeking a summer internship opportunity. I am passionate about challenging myself and learning through experience. I enjoy the interpersonal relationships with coworkers and team members,

## EDUCATION

**James Madison University**, Harrisonburg, VA Fall 2022-December 2025

*Bachelor of Science, Computer Science, Minor in Political Science. GPA: 3.2*

**Governor's School for Science and Technology**, Hampton, VA 2020-2022

Coursework: College Physics I-II, Calculus I-II, Research Methodology and Ethics, Statistics I, Data Analysis

## WORK EXPERIENCE

**Park Attendant**, 2019-2024, Seasonal

*James City County Parks and Recreation*, Williamsburg, VA

- Worked with the public and campers at our 90 campsites, independently ran camp store and daily campground operations, managed register and cash flow of \$50-\$800 per day.

**Corporate IT Temp**, August 2023

*Bowlero Corporation*, Richmond, VA

- Unboxed and set up hardware on Point-of-Sale systems, credit card readers, and tablets

## PROJECTS AND SKILLS

**Programming Languages:** Java, C++, Python, C, Java, HTML, R, Javascript, SQL

**Software Development** using Scrum to complete a Semester long project of a movie sharing website. I created pages showing details of movies and actors. *2023*

**Senior Research Project:** Independent research paper on blockchain voting systems, *2021-2022*

**Eagle Scout** project entailed fundraising \$2000, managing a group of 10 people over two workdays to build a concrete pad and install a bike repair station at a county park, *2020-2021*

## LEADERSHIP AND EXTRACURRICULARS

**JMU Club Cross Country and Track:** Served as Race Director in Spring 2024 planning and coordinating a home track meet hosting five other clubs, currently serving as Vice President managing club operations, merch orders, and scheduling.

**Crew Leader - Boy Scouts:** Youth leader for a group of 6 scouts as we prepared for a 12-day backpacking trek at Philmont Scout Ranch in New Mexico. Helped lead planning meetings, training hikes, weekend trips, and a 50-mile backpacking trip in preparation.

**Colorado Trail:** I spent a month backpacking 500 miles across the Rocky Mountains of Colorado in Summer of 2024. I wanted to challenge myself to grow as a person and push my physical limits.
